

School Resource Officer Monthly Report

A School Resource Officer (SRO) is a specially trained police officer deployed in a community-oriented policing assignment to work in collaboration with one or more schools. The role of the SRO is rooted in three key principles: safety, education, and mentorship. To achieve excellence in these principles, SRO's work with school staff to provide a safe and equitable learning environment, provide valuable resources to school staff, and foster positive relationships with youth by way of example.
